The home was artistically decorated for the occasion with pumpkins, cornstalks and witches, black cats and half-moons done in paper. The wildness of the occasion began with the arrival of the guests, they being at the door and received by the ghosts. Many amusing games and stunts entertained the guests. At the conclusion witches' tea and hobgoblin cakes were served.

Hollow Rock Junction

Hollow Rock Junction is still progressing, owing to the recent work that has been done by the N. C. & St. L. railway, this place has made a steady growth. It is only a matter of a few days now until the new roundhouse will be completed, which will bring quite a number of employees here to reside. There have been a number of new homes erected and there will be more soon.

The M. E. church is planning to erect a new building here, construction to begin in a short time. There is no church building here at present, but quite a good place for a new one. We hope, also, to have a school in the very near future.

The Methodists of this place are very much pleased over the return of the Rev. G. W. Florence to this pastorate.
